You Will Always

Remember Your

Wedding Day

*Let Us Help You
Create a Day
That your guests
Will Remember
As Well*

***More than anything
A beautiful relaxing location
Helps create the
Memory of a wonderful
Event***

Timing

*The Appel Inn only accomodates
one function per day
allowing you and your guests
a relaxed and private atmosphere*

*We use a generous 6 hour time
frame that you choose*

*If ceremony is on site
The Brides room is available
2 hours before ceremony time*

Caterers

Working with caterers is a wonderful experience. They are very service oriented and are looking to do creative wonderful menus in a great variety of price ranges

We prefer working with caterers that only do a few functions per day to insure that your wedding is a top priority

As most guests will attend and leave only remembering the Appel Inn name we must approve the caterers that work here

Your menu is completely personal and may range from barbecue chicken to caviar We only care that it is handled professionally, with pleasant staff, and as smoothly as possible

Alcohol

The caterers we recommend do have full liquor licenses and can take care of everything--they also allow you to purchase your own alcohol and they will chill, serve, ice, mix and bartend for you

*****You must provide insurance if providing the alcohol**

***Dates for Consideration
or Available:***

****Please keep in mind that
although most brides would
love a Saturday-that the last
thing anyone will remember
about your wedding is
what day of the week it was*

*Fridays are great -- most working
guests just get done what they have
to do by Thursday
and*

*You can spend Saturday after the
event --a little more casually
with the out of town guests that
you do not see as often
This lets everyone feel as
though the wedding was
a weekend long event*

*Sundays are great for brunches and
afternoons--although if most of your guests
are local-and evening is fine--also
during the summer everyone is looking for
a few extra days to relax*

*Also
Please do not forget to visit*
